

Suzhou Vacancy Information for Foreign Experts

(2018)

Name of the Organization	Suzhou Boamax Technologies Group Co., Ltd	Contact Person	DENG YU		
Address	Road 17 Huqiu District Suzhou, Jiangsu	E-mail	Lancy.Deng@boamax.com		
Zip Code	215151	Telephone	0512-66725176 extension number:8833		
Web Site	http://www.boamax.com	Fax	0512-66163297		
Brief Introduction of the Organization					
<p>Suzhou Boamax Technologies Group Co.,Ltd. Was established at the end of 2001.In2010, it was listed on the small and medium-sized board, or BoamaxTechnology,and stock code 002514. Headquartered in suzhou, the company has three wholly-owned subsidiaries of Nanjing Youzhi Technology co., LTD., Xiamen Baomax Technology co., LTD. And Philippine BoamaxTechnology co., LTD.</p> <p>Parent company is mainly engaged in CNC sheet metal structure products research and development design, production and sales, in the production of crystal solar silicon slice of wet chemical equipment research and development design, production, sales and service, the introduction of foreign brands high voltage electrode boiler, auxiliary production and application in every field of promotion, sales and service. Nanjing YouzhiTechnology co., LTD focus on gas flow measurement and control system research and development design, production, sales and service, its products are widely applied to flue gas desulfurization denitration project detection, boiler combustion optimization projects, flexibility, peak shaving, etc., enjoy good reputation in the industry. Xiamen BoamaxTechnology co., LTD, and Philippines BoamaxTechnology co., LTD is mainly engaged in CNC sheet metal structure products research and development design, production and sales, with its parent form industrial agglomeration effect.</p> <p>After ten years of development, the company has grown into a large CNC sheet metal structure products, solar silicon cell production equipment, monitoring equipment, high voltage electrode boiler flue gas flow and coal to electricity distributed central heating, a professional service provider, flexibility, load project, industrial water and steam heating project overall solution provider.</p>					
Vacancy Information					
Position Title	Major	Position Description	education background	Vacancy Number	Salary & Welfare
senior software engineer	Electromechanical integration, electrical automation	Design, research and development	bachelor degree or above	1	Discuss personally
Senior chemical enginee	Microelectronics, physics, silicon, chemistry	Design, research and development	bachelor degree or above	1	Discuss personally
Senior	mechatronics,	Design, research	bachelor	1	Discuss

mechanical engineer	mechanical design and manufacturing	and development	degree or above		personally
senior electrical engineer	Electromechanical integration, electrical engineering	Design, research and development	bachelor degree or above	1	Discuss personally
Senior material engineer	Major in polymer materials	Design, research and development	bachelor degree or above	1	Discuss personally
Total	Position Number 5 , Vacancy Number 5 , Number of Related Major 7 , Doctor Degree 、 Master Degree 、 Bachelor Degree and Below 。				
Note
